The Experience

Recently engaged?

Looking for wedding photography that is unique and will make your photos stand out?

Let us tell you about the experience that we provide.

01

Meet us Virtually or In-Person!

You deserve a photographer that you feel comfortable with. Our clients' wedding day will be one of the most important days of their lives! All inquiring couples receive a complimentary consultation to ensure we are a great fit. The wrong photographer will distract from your wedding instead of add value to it.

02

Now you're booked with us. Let's talk engagement sessions!

We think engagements are a perfect time to showcase what makes you so perfect for each other. We focus on your connection over your ability to pose and smile. We work with our clients to plan an epic session that showcases your relationship!

03

Planning your day full of photos!

You booked us, so we know you love amazing photos! Let's make sure we schedule time for them ALL! Wrangling a wedding party can be like herding cats. To ensure adequate time is allocated for photos, we provide advice on how to best schedule your day from a photographer stand-point.

04

Final Consultation Call!

Although we are always available for questions and concerns from our clients. We insist on one last consultation together. The time we set aside for this allows us to confirm all details and discuss any late-stage changes. Our top priority is meeting and exceeding your expectations and this last consultation helps with that. Not to mention, our business is your face - so let us see it!

05

The Wedding Day!

The day has finally arrived! To ensure we capture the best moments, we will arrive early to scout potential locations.

At this point, we have spoken with both of you multiple times and are ready to capture your wedding in all its extravagant glory, sublime simplicity, or anything in-between. Beyond the must-have shots we would have discussed, we work tirelessly to capture the real wonder of your special day. Truly though, our real gift is in capturing the candid moments that unfold naturally between you and your love, your family, your friends.

06

Gallery Delivery!

Excellence takes time. Sam is the only one that will edit your photos to guarantee that you get the perfect look for your perfect day! We often deliver faster, but we allow ourselves 12 weeks to make sure not a single edit is rushed. We know this will be excruciating, but we promise it's worth the wait!

WELL HEY THERE!

We are Sam + Jay

Now that you've taken the time to read through what we can provide for you, you should know about us to make sure we are that great fit mentioned earlier!

We are a North Dakota photography duo that focuses on capturing genuine moments. The most common compliment we receive about our photography is one we wear as a badge of honor - that our photos look different than other photographers. Our love for each other and the ability to do photography together is a major reason why. We are different people with different vision that we combine to create something new and special - just for you!

Aside from being photographers, we raise our two kids, walk our one-eyed rescue dog, travel with our RV, test out new recipes in the kitchen, and cherish the time that we are so lucky to have together.
